[Communication style adjustments. Dialogue Pace:

TIME CONSTRAINT

[Call limit and schedule context, e.g. rush hours]

DESIGNATED PRODUCT

[Target product focus]

OPENING STATEMENT

"Appreciate the time, [Name]. I know you have [Time Constraint] before [Context], so I will keep this brief. When we spoke last week, you mentioned: [] [Need 1], [] [Need 2], and [] [Need 3]. Is that correct?"

2. DISCOVERY & VALUE ALIGNMENT

CUSTOMER NEED (When they say...)	PRODUCT FEATURE (We explain...)	VALUE & BUSINESS IMPACT (Which means...)
[Operational Inefficiency] Walks, counts, or tracking wasting manual labor.	[Automation Feature] Capability that automates the manual workflows.	[Labor Savings Math] Saves [X] hours/week, totaling \$[Y]/week or \$[Z]/year in labor savings.

3. OBJECTION RESPONSE & NEXT STEPS

OBJECTION RESPONSE

EXPECTED OBJECTION

[Common buyer concern, e.g. system switch downtime]

RECOMMENDED DIALOGUE PATH

- **Step 1 (Cushion):** "[Validate concern]"
- **Step 2 (Explore):** "[Ask clarifying option question]"
- **Step 3 (Solve):** "[Deliver response detail]"
- **Step 4 (Commit):** Pivot back to Next Steps.

NEXT STEPS

TARGET COMMITMENT

Secure a scheduled 15-minute demo.

CLOSING STATEMENT

"Let's schedule a brief 15-minute demo. Would [Option 1] or [Option 2] work best?"

4. CRITICAL GUIDELINES

Product Focus: Pitch the designated software solution ([Product Name]). Pitching standard credit card terminals instead of the designated product is a failure. (Saying "Payroc" is acceptable, but you must focus on the correct product).

Reference Prior Connection: Establish continuity by referencing the previous scheduled appointment. Do not open the call as a cold call.

Avoid Technical Jargon: Use simple, direct language. Do not reference internal sales framework terminology.

Objection Validation: Validate customer objections before responding. Do not argue or become defensive.

DO THIS	AVOID THIS
Pitch Bodega AI	Pitching the wrong product
Discuss audits, warning letters, and licensing risks	Using overly technical card processing or payment routing jargon
Validate and address objections	Arguing, getting defensive, or ignoring customer concerns
Engage in two-way conversation and checkpoints	Monologuing or speaking without checking for agreement from the buyer
